EXPERIENCE

Senior Product Designer — NowPurchase | Dec 2024 – Present

- Shipped an AI-driven B2B Sales Agent (N8N + LLM) automating raw material sales on WhatsApp and social platforms — drove 10% revenue growth within month 1 of going live
- Leading the unified Design System for NowPurchase & MetalCloud using Atomic Design — on track for 30% faster design-to-dev handoff and 50% fewer UI inconsistencies across 120+ enterprise client interfaces
- Prototyped an AI Vision demo (computer vision for foundry defect detection) adopted by Sales & Marketing — validated demand with first clients and cut the sales cycle by 60%
- Revamped the Grades & Parts module using data-driven research and AI-built prototypes — lifted user engagement by 25% and cut go-to-market time by 30%
- Managing a 2-person design team (growing to 3) across hiring, training, delegation, and performance appraisals — driving cross-functional delivery with Product, Engineering, Marketing, and HR while reporting directly to the CTO

Lead UX/UI Designer — NowPurchase | Sep 2022 – Nov 2024

- Scaled MetalCloud from 13 to 120 enterprise clients in 12 months by digitising \$19B foundry industry workflows through end-to-end B2B SaaS product design
- Drove 30% improvement in MetalCloud user satisfaction and 80% reduction in spillovers by designing and implementing Amplitude-based event tracking across the platform
- Achieved 20x organic sessions, 10x engagement, and 50% sales growth in 6 months through end-to-end UX redesign of nowpurchase.com
- Founded NowPurchase's design function as the company's first designer — established design processes, made the first hire (Nov 2023), and led Agile sprint delivery across concurrent product workstreams while reporting directly to the CTO

UX Designer — Winjit Technologies Pvt. Ltd. | May 2021 – Aug 2022

- Delivered 14 end-to-end client projects across B2B and consumer domains — sole designer from brief to final handoff, achieving 100% on-time delivery and client satisfaction

UX Design Intern — Mobiliya Tech | Jan 2021 – Apr 2021

- Designed core UX flows (E-wallet, Gamification, Parental Controls, Family Sharing) for a UPI-based Digital Batua app — product contributed to \$10M funding raise
